Fizz Boom - Why don't you READ

### VERSE 1

At the beginning of summer, I entered my lib.  
I saw some books and got a crazy vib.  
Lots of questions entered in my head  
Experiment and Explore was what the sign said

### VERSE 2

So many choices available to me  
There at the lib., where it's all free  
There are programs and movies and books galore  
So many ways to Experiment and Explore

### Chorus

### VERSE 3

I got a Reading Log so I could earn prizes  
The many events planned are full of surprises  
So join me this summer and let you mind soar  
Visit the lib. to Experiment and Explore
