

FOLD A DOLL'S HOUSE!

Meet Mr and Mrs Pickle, they live in our folded paper doll's house.
You'll need to colour them in and then cut them out following the outer, grey, cutting line.
Then cut out the rectangles, fold along the dotted line and stick them to the back of
Mr and Mrs Pickle to make them stand up.

Now you are ready to fold your doll's house!
Print the following house page and colour in, adding a garden and furniture too.
Then follow the instructions at picklebums.com and fold your house.
